

## Information available

The articles, factsheets and forms featured in Maintenance Matters are provided in an archive on our website, to help you touch up your knowledge as a maintenance volunteer.

This archive is in a 'hidden' page – which means it's not accessible via the website menu tree. However, there are two different ways you can navigate there yourself:

1. By copying [www.bibbulmuntrack.org.au/maintenance-matters](http://www.bibbulmuntrack.org.au/maintenance-matters) into your browser address bar and press enter. This link will be provided in all future Maintenance Matters.
2. By opening our website ([www.bibbulmuntrack.org.au](http://www.bibbulmuntrack.org.au)) and use the search box by entering 'maintenance matters'. The first option returned will be simply 'Maintenance matters' – click this.

The documents are arranged by topic News, Keeping in Touch, Your Safety, Track Maintenance Know-how, Campsite Maintenance Know-how.

The title of each document is a link to the pdf.

Happy reading!
