

# Bibbulmun Track Foundation - Honorary Life Membership

## Alex Williams

**Awarded: 2023**

The Bibbulmun Track Foundation are very pleased to bestow Honorary Life Membership on Alex Williams, in recognition of his service to the Track and walkers in the Walpole area.

Alex was a BTF volunteer for 14 years; only an interstate move could halt his hard work on the Track. Over that period, he contributed 2,800 hours of his time; of which a lower proportion was travel time compared to his colleagues from the metropolitan area. The combination of quirky humour and practical approach to tasks made Alex an endearing team member.

Alex's contribution was largely in Track maintenance. He looked after two local maintenance sections simultaneously and willingly assisted other Track maintenance volunteers as required. He was a founding support volunteer and was integral to ambitious remediation projects on the south coast. He played central roles in Field Days, shelter signage upgrades across Frankland and Albany districts, and addressing local Track maintenance issues effectively and promptly.

Alex exemplifies excellence in community volunteering - in addition to his work for the BTF, he was a long-term volunteer with DFES Marine Rescue Walpole (receiving an Emergency Services Medal in 2015 and Outstanding Individual Contribution award in 2021), and local bushfire management.

Alex's contribution to the work of the Bibbulmun Track Foundation is much appreciated.
