

# Bibbulmun Track Foundation - Honorary Life Membership

## **Bruce Manning**

**Awarded: 2023**

Bruce is a founding member of the Bibbulmun Track Foundation Board – and continues this commitment to this day.

Based in Albany, Bruce was CEO of the Great Southern Development Commission for 20 years, and provides a valuable, regional-based perspective. Along with business and strategic planning skills, he brings advocacy, tourism, environmental and risk management experience to the Board. He has a long involvement with land-care and land management issues and is passionate about the environment.

Bruce's contribution to the Foundation and the Track over the past 26 years has been invaluable. As well as his commitment to the Board, he has been a maintenance volunteer, contributing to the care of the Track between Sandpatch carpark and Bay View Drive including Sandpatch Campsite; and recently switched to the Track section including Muttonbird campsite.

Bruce has made a highly significant contribution to the Foundation and is a very deserving recipient of Honorary Life Membership.
