

Bibbulmun Track Foundation - Honorary Life Membership

Colin Gee

Awarded: 2023

Colin began work as an Office Volunteer in 2006, handling many aspects of administrative work as well as providing trip planning advice for those looking to walk long distances on the Track. In the office Colin proved to be efficient, organised and an excellent team member.

He participated as an end-to-end walker in the 10th Anniversary Celebrations in 2008.

Colin has also worked as a maintenance volunteer for many years, travelling regularly from Perth (along with his wife) to maintain a tough section of the Track near Collie. Due to his excellent handyman and interpersonal skills, he was chosen to lead small groups at Field Days conducted jointly by the Foundation and Parks and Wildlife staff.

As well as his office and maintenance duties Colin has been a Volunteer Guide for day and overnight walks for both adults and children. Over the years he has imparted a vast amount of knowledge to novices and experienced walkers alike. Colin was a popular guide who ably passed on his extensive knowledge of the Track.

Colin has been an outstanding volunteer who has contributed to the Foundation in many ways over a long period of time. He retired from Guiding in 2020 and from his role as an office volunteer at the end of 2021; he still looks after his Track section near Collie.

He richly deserves the acknowledgement of Honorary Life Membership.
