

Bibbulmun Track Foundation - Honorary Life Membership

Gwen Plunkett

Awarded: 2018

Gwen held the role of Office Manager for the Foundation for 16 years between 2002 and 2018.

Gwen and husband Chris first walked on the Track in 1996, joined as members of the Foundation (then known as the Friends of the Bibbulmun Track) in 1997 and worked as maintenance volunteers in the Perth Hills. Gwen offered her services in the office in March 1999 to work for one day a week but as the organisation grew rapidly she soon became Office Manager, then Volunteer and Maintenance Coordinator.

She loved her time in the office, meeting many walkers from all over Australia and the rest of the world, finding that being able to offer advice and see people on their way to a wonderful experience was very rewarding.

After many years Gwen began to work fewer days and concentrated her efforts on her work with volunteers, her favourite role. She continues to work as a maintenance and data entry volunteer.
