

Bibbulmun Track Foundation - Honorary Life Membership

Hedley Amos

Awarded: 2024

Hedley is an energetic and productive participant in the Bibbulmun Track community. He contributes to the Track and walkers as a Track 'angel', advisor and supporter; readily shares information and experiences of other trails nationally and internationally; and is a key participant in the Foundation's volunteer program.

As a BTF volunteer for over 13 years, Hedley has so far contributed nearly 5,000 hours of his time. He contributes to the sectional and support maintenance roles, as well as checking Track counters, attending community events and (for a short time) performing MAdmin work. He is jointly responsible for "one of the best maintained shelters on the Track" at Swamp Oak campsite, within his long-term maintenance section. He is a prominent, willing and hard-working member of the support volunteer team, contributing to Field Days, signage issues, projects and campaigns, and several structural upgrades. His practical approach to problem solving has been demonstrated on multiple occasions.

Hedley's contribution to the BTF and the Track – particularly as a Foundation volunteer – is recognised by this Honorary Life Membership.
