

# Bibbulmun Track Foundation - Honorary Life Membership

## Lari McDonald

**Awarded: 2024**

This Honorary Life Membership recognises Lari's long-term contribution to the BTF and the Track, particularly as a Foundation volunteer.

Lari is a dedicated and friendly member of the Bibbulmun Track community. She contributes to the Track and walkers as a Track 'angel', advisor and supporter; readily shares information and experiences of other trails nationally and internationally; and is a willing participant in the Foundation's volunteer program.

Lari has been a BTF volunteer for 17 years (and has contributed over 4,300 hours of her time over that period). She contributes to the sectional and support maintenance roles, as well as checking Track counters, distributing brochures and attending community events. One of her main contributions has been the long-term, high standard care of her maintenance section including Swamp Oak campsite. She is also an active, enthusiastic and hard-working member of the support volunteer team, contributing to Field Days, signage issues, projects and campaigns, and several structural upgrades.

Lari's support of the Track and the BTF over many years is well appreciated.
