

Bibbulmun Track Foundation - Honorary Life Membership

Mike Wood

Awarded: 2019

Mike's involvement with the Track began in 1993 when he joined the steering committee that oversaw the *Building a Better Bibbulmun Track* project.

Mike was instrumental in establishing the BTF, recruited all its founding Board members and chaired the Board from 1997 to 2019. He negotiated the first Memorandum of Understanding (MOU) between the Department and the Foundation and was instrumental in dividing up the work and responsibilities of the two organisations.

Mike has been extremely generous in sponsoring and supporting the BTF. For over 20 years he provided free office space and donated hiking equipment for hire to walkers, as rewards for volunteers and as prizes for fundraising. He also sponsored the building of the Track Northern Terminus.

In 2020 Mike was made a Member of the Order of Australia for his work on the Bibbulmun Track, as well as his work in advocating Trail development in WA.
