

Patrick Tremlett

Awarded: 2023

Patrick served as an exemplary volunteer from 2006, demonstrating exceptional dedication to the Foundation. He has served as a maintenance volunteer, guide, community events participant and BTF Board member. His maintenance work has ensured that the section south of Mumballup, including Noggerup Campsite, has remained in excellent condition.

As a guide, Patrick has led numerous single-day and multiday walks, where his outgoing personality and ability to communicate with walkers, novices or veterans, made him highly popular.

On the BTF Board, his legal acumen has been pivotal, offering invaluable insights on governance issues and influencing the organization's strategic direction. Patrick was highly esteemed within the team. His readiness to step in at short notice and provide practical advice was instrumental in enhancing events, guide training programs, and related processes. Furthermore, his background as a legislative drafter has played a crucial role in crafting policies and guidelines that align with industry standards while remaining feasible for a smaller organization. He retired from the Board in 2022.

Patrick's many years of commitment to the Track and the Foundation in so many different ways makes him a very commendable recipient of Honorary Life Membership.
